

Hexagon Pinwheels

Designed and sewn by Debby Kratovil
Quilted by Cathy Macdonald

9. Measure the quilt through the center from top to bottom and recut two of the large checked 5" border strips and trim these to this measurement. Sew to quilt sides. Press seams toward the check borders.
10. Measure the quilt through the center from side to side and recut the remaining two large check 5" strips to this measurement. Cut four squares 5" x 5" from the red strip designated for the border corners and sew these to each short end of the top and bottom borders and sew to remaining two sides (top and bottom). Press seams.

Row Assembly

Hexagon Pinwheels

Designed and Sewn by Debby Kratovil

Quilted by Cathy MacDonald

Block Size: 8" x 9"

Quilt Size: 48" x 44"

Fabrics:

From one bundle of Windham Basics *Fat Rolls*™:

4 strips 5" x 42" light print for setting triangles

4 strips 5" x 42" large checks for borders

1 strip 5" x 42" red for border squares

3 strips 5" x 42" small checks for binding

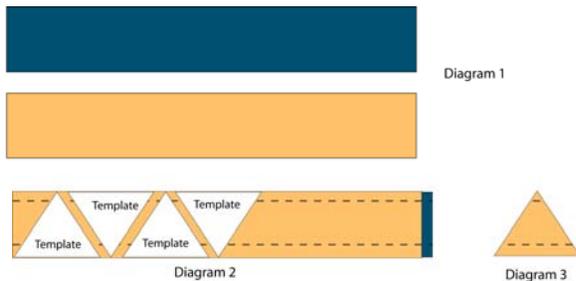

7 - 8 sets of coordinated 5" x 42" strips (pairs of one light, one dark: 14 - 16 strips total)

2-1/2 yards backing fabric

54" x 50" batting

Cutting & Sewing the Units

1. Pair the sets of light/dark 5" strips (Diagram 1), place right sides together, and sew 1/4" seam along BOTH long edges (Diagram 2).

2. Using the Template A provided, cut out the strip sets as shown in Diagram 2, flip-flopping the template from top to bottom. Your cut units will look like that in Diagram 3, with one or two stitches remaining at the top of the triangle.
3. Open these stitches and press open the two-triangle unit as shown in Diagram 4.

4. Sew 3 of the triangle units into the Hexagon Pinwheel Block as shown in Diagram 5. Sew and cut enough units from the paired strips to make a total of 20 Hexagon Pinwheel blocks.

Diagram 5
Make 20

5. Using the Template B, BR provided for the half-triangle and the light print strip, cut ten triangles EACH from the template and the reverse template (flip the template on the reverse side and cut). These are your side-setting triangles (Diagram 6).

Diagram 6
Cut 10 EACH

6. From the remaining light strips cut a total of 30 triangles using the full-size triangle template (Diagram 7).

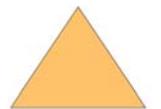

Diagram 7
Cut 30

Quilt Assembly

7. Refer to the Row Assembly Diagram and join four hexagon pinwheel blocks with six light triangles and four side setting triangles.
8. Sew the five horizontal rows together to form the quilt center. Press seams well (refer to the photo of the quilt).

Hexagon Pinwheels

Created with a *Fat Rolls*[™]
bundle from the Windham Basics collection

*Creating beautiful quilts
is easier than ever...*

*All you need is
a bundle of Fat Rolls[™]
and you're on your way...*

We know you've heard of fat quarters and jelly rolls, but now Windham Fabrics has introduced *Fat Rolls*[™] - a hefty roll of all the fabrics from a particular collection cut into extra-large 5" strips... perfect for creating a quick strip or pieced lap quilt like this sophisticated vintage hexagon pinwheel quilt created by Debby Kratovil.
