## Cutting Instructions:

For **each individual** block, cut:

- (8) 4" squares from background fabric (tan)
- (2) 4" squares from fabric color B
- (2) 4" squares from fabric color C
- (4) 4" squares from fabric A

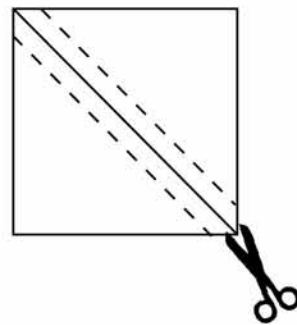

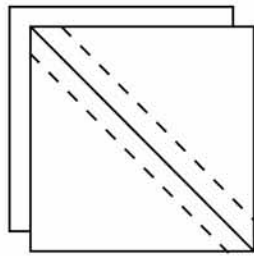

**SPECIAL NOTE:** Make sure to multiply the above cutting instructions for the number of blocks you need to make in each case.

Sewing instructions:

1. This block is made entirely of half-square triangles. Layer each color square on top of a background color square and sew together using the method outlined below, to make your half-square triangles.

2. Trim your squares to 3.5".

3. Construct your blocks according to the diagram below.

4. Trim all blocks to 12.5" square. Set all 20 blocks aside.

## Cutting Instructions for LARGE half-square triangle block:

1. Cut
  - (8)  $7 \frac{3}{8}$ " squares from background fabric (tan)
  - (2)  $7 \frac{3}{8}$ " squares from fabric color, 37395-3
  - (2)  $7 \frac{3}{8}$ " squares from fabric color, 37395-5
  - (4)  $7 \frac{3}{8}$ " squares from fabric, 37395-10
2. Sew your half-square triangle unit as in previous steps.
3. Trim each half-square triangle unit to 6.5".
4. Assemble half-square triangle block the same as previous blocks. Trim final block to 24.5". Set aside.

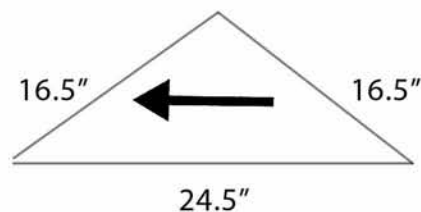

## Cutting instructions border and background:

1. From Charcoal, 37395-19, cut (4) 12.5" squares. Set aside.
2. Cut two isosceles triangles, with two same sides 24.5" and the long side 34".

**\*\*\*NOTE: Pay attention to the direction of the fabric. One triangle should be cut on grain and one on bias, so that the moire pattern lines up the same way.**

3. Cut one isosceles triangle with two sides 16.5" and the long side 24.5". Again, pay attention to the grain of the fabric. See below.

4. From Charcoal, cut (7) 2.5 inch strips from WOF. Set aside.

Quilt construction:

1. Gather all 20 completed 12.5" half-square triangle blocks and the four 12.5" charcoal squares. Assemble them in rows following the picture on the cover.

In other words, you will have:

- 2 rows of 5 blocks---all colorful
- 1 row of 4 colorful blocks with one charcoal
- 1 row of 3 colorful blocks with one charcoal
- 1 row of two colorful blocks and one charcoal
- 1 row with a single colorful block and one charcoal

2. Next sew these 6 rows together as in the photo on the cover. Don't worry that they don't line up on the right.

3. Now, trim off half of the charcoal squares by turning the piece on a 45 degree angle counter-clockwise and cutting straight down the right side----MAKE SURE TO LEAVE AT LEAST 1/4" for seam allowance.

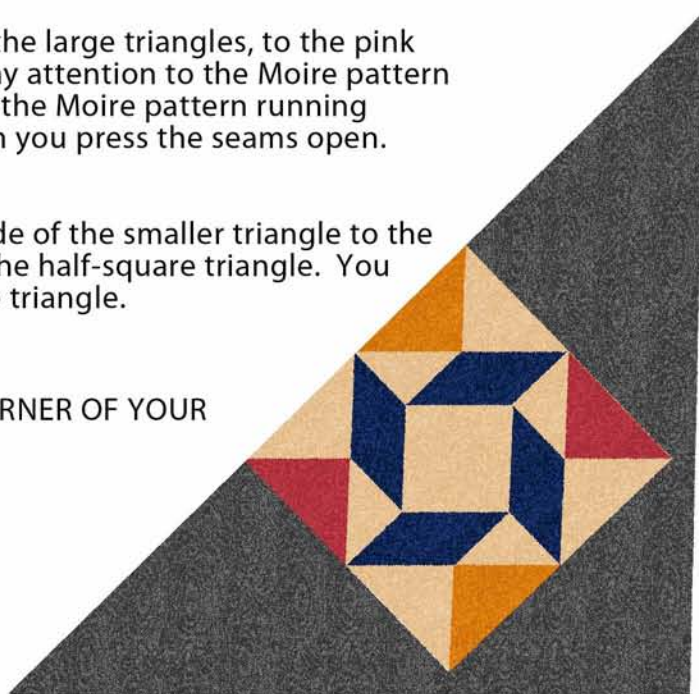

Set aside.

4. Gather the large half-square triangle block and the three large isocetes triangles. We will now construct the part of the quilt seen below.

5. Sew the 24.5" side of the large triangles, to the pink sides of the block. \*\*\*Pay attention to the Moire pattern so that you end up with the Moire pattern running the same direction when you press the seams open.

6. Next, sew the long side of the smaller triangle to the bottom right corner of the half-square triangle. You should now have a large triangle.

THIS IS THE BOTTOM CORNER OF YOUR QUILT ----->

Make sure your Moire pattern is running up and down (not side to side).

Quilt construction:

You should have two pieces that look like below. Sew the two pieces together along the long diagonal.

Take your 2.5" strips and sew strips together for your border. Sew borders around the quilt.

Quilt and bind using your preferred method.
