## Sewing for Table Runner

1. Assemble the coffee pot patches and arrange on the 10-1/2" cream square. Remove the paper from the fusible webbing and use an iron to fuse patches in place. Applique using matching thread.
2. Sew a **B** 2-1/2" x 10-1/2" strip to the top and bottom of the coffee pot block. Press seams toward the coffee cup block.
3. Sew the two sets of five print 2-1/2" squares into the two vertical rows, which are on either side of the coffee pot block.
4. Sew two of the 5-1/2" coffee cup panel squares together as shown in quilt photo. Repeat for remaining two panels. Join these panels to the vertical rows of squares.
5. Add the **A** strips to the top and bottom; add the remaining **G** strips and the **B** squares to complete the two units.
6. Sew the center Coffee Pot unit with the two coffee cup panels, referring to the Runner Assembly Diagram.
7. Add the side **F** 4-1/2" x 14-1/2" strips. Press seams toward the outside.
8. Finally, make four 4-Patch border blocks with the remaining **B** and **A** squares. Sew one to each short end of the **G** 4-1/2" x 29-1/2" strips and add for top and bottom borders.

## Finishing

1. Layer quilt, batting and backing. Quilt as desired.
2. Sew the four 2-1/4" x WOF strips of **B** into a long strip and use to bind table runner.
