Cutting Directions:

From 28773-10 beige background,

Cut (12) 3-1/8" strips across width of fabric.

Then, cut (140) 3-1/8" squares for Template A of LeMoyne Star blocks.

Cut (5) 5" strips across width of fabric. Then, cut (35) 5" squares. Cut each square twice diagonally for template B of LeMoyne Star blocks. This will be 140 triangles. **IMPORTANT:** The triangle is a little large. When stitching to Template C, start at the "Y" seam and allow long edge to extend beyond block. Trim outside edge of block to 9-1/2" X 9-1/2" when pieced.

Use 1/4 yard pieces of fabric to make a total of (35) LeMoyne Star blocks.

Referring to Diagram 1, for each block, cut (1) 2-3/8" strip across width of fabric and use a 45 degree angle on an acrylic ruler to make first cut and make the second cut 3-3/8" from the first. Cut (8) Template C parallelograms for each block.
